

# MOUNT BLOCKS FOR FIBER CEMENT SIDING

## NEW LOOK — NEW DESIGN

### New Look: **Fiber Cement**

Full line of Mount Blocks for  
Fiber Cement Siding

Most realistic graining look  
available in the largest color  
offering

Multiple locking positions  
accommodate the thickness  
of all fiber cement siding

Can be used with fiber  
cement siding or traditional  
vinyl siding

### New Design: **Built-In Water Channels**

Water is diverted through channels to the front face of the siding

Helps eliminate the retention of moisture in the home's exterior

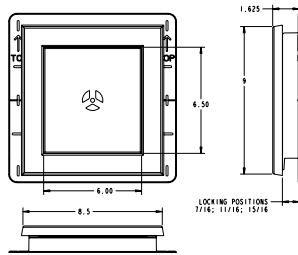

Helps protect against moisture that can damage the building materials  
and lead to an unhealthy living environment
